STIPULATION

The parties have begun negotiations regarding settlement of this putative class action and believe a temporary stay of the present proceedings will preserve party and judicial resources. Accordingly they request that all matters in this action shall be stayed until October 4, 2013, at which time the parties will report to the Court whether new deadlines should be set for proceeding with the litigation or, alternatively, their anticipated timeline for completion of settlement papers and submission to the Court of a motion for preliminary approval of their settlement.
